

Sponsorship

Machine Automation Safety Congress (MASC) 2010

Exhibitor and Sponsorship proposal

Canada's leading business-to-business magazines that promote workplace and machine safety have joined forces to help Canadian manufacturers and safety professionals learn more about machine safety and introduce them to the latest technologies.

Canadian Occupational Safety and Manufacturing AUTOMATION magazines and SaferMachines.com are again creating a special pavilion and exhibit area within the Partners in Prevention Ontario Health & Safety Conference & Trade Show, attended by more than 8,000 delegates. The event is held May 3 to 4, 2010, at the International Centre in Mississauga, Ont.

Safety professionals are keenly aware of the regulatory changes and other pressures that are forcing them to adopt technologies to make their machines safer. But they need access to the technology and suppliers that can help them. This is an ideal opportunity for suppliers to make new contacts and showcase their technologies. Please note that there are a limited number of exhibitor locations within the pavilion.

Exhibitor Sponsor Package: \$2,500 + GST (10 x 10 booth space)

- One 10 x 10 booth space in the MASC 2010 pavilion at the IAPA Health and Safety Canada Show;
 - Listing in the MASC 2010 show guide distributed to all delegates;
 - Listing in the pre-show virtual trade show;
 - Listing on website: www.SaferMachines.com;
 - Pre-show listing in the Canadian Occupational Safety magazine's pre-IAPA Show April/May 2010 issue;
- * (Each additional 10 x 10 booth space costs \$1,500)

We look forward to hearing from you about your interest in this exciting new opportunity to reach this new market for your products.
